REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance: Upon a complete review of the entire written record the instant application is in condition for allowance. The prior art rejection is withdrawn in view of Applicant's remarks, and the specific step of simultaneous cooling of the photosensitive composition to a temperature of less than about 20 degrees Celsius during exposure. The relied upon prior art, while having a minimal overlap of temperature range of "about 20 degrees Celsius" actively heats the composition while the instant invention actively cools the composition. There is no teaching or suggestion of cooling the composition in the prior art and therefore the rejection is withdrawn.

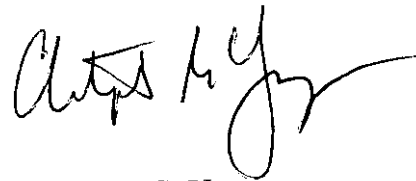

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

2. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Christopher G. Young whose telephone number is 571-272-1394. The examiner can normally be reached on Monday-Friday.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Mark F. Huff can be reached on 571-272-1385. The fax phone number for the organization where this application or proceeding is assigned is 703-872-9306.
